COMPRESSION COMPONENTS & SERVICE, LLC

## Punches & Dies

**CCS provides quality tooling to a wide range of solid dose manufacturers. Our commitment to excellence, competitive pricing and quick delivery times are reasons why we are the supplier of choice for multi-national organizations worldwide.**

**CCS offers high quality precision-machined punches and dies for any type of tablet presses. Our quality control processes result in parts that will fit perfectly in your press. We guarantee the quality of our punches and dies. If you are not completely satisfied with the part we provide; return it for a full refund.**

**Our primary goal is to develop long-term relationships with our customers by providing solutions to the problems that arise in a tablet press production environment.**

**CCS specializes in the sale of new and rebuilt Stokes machines, turret re-conditioning, retrofit control systems, press rebuilding, calibration services, field service and training seminars. Contact us to discuss your specific tablet press requirements.**

\*On April 5, 2005 CCS acquired the Stokes' company including the brand name, parts inventory, equipment inventory, drawings, technical data and all other tangible and intangible assets. Stokes equipment is manufactured in the CCS facility in Huntingdon Valley, PA.
